# *Daffodil*

## **Babylon Majestic**

The breath-taking beauty and enormous but gracious size of this gorgeous Daffodil appearing on the cover is too difficult to describe. For actual size measure the flowers on the cover illustration with a rule.

We are happy to report that the performance of this variety in our trial gardens was so outstanding that a popular favorite such as **King Alfred** seemed to be outclassed by its performance.

Fortunately, however, **King Alfred** is at least a week earlier to bloom, and, therefore, we will not claim that **Babylon Majestic** will supplant that ever-popular variety, but in reality **Babylon Majestic** will extend the enjoyment period for those who love huge butter-yellow Daffodils.

We still recommend **King Alfred** as the best **forcing** variety because of its earliness.

## **Our Famous Rarity Collection of Narcissi and Daffodils**

Last year our famous collection which we illustrated on the front cover represented an extraordinary value for Narcissus and Daffodil lovers interested in building up a fine collection of varieties. The previous year some of these varieties were priced as high as \$2.50 each, and our intention last year, as now, was to bring these down to a price range that was within the reach of all.

Hundreds of testimonials that we have received are proof that this collection was one of the most popular that we have ever offered. Unfortunately it is impossible for us to offer this splendid collection at any reduction from last year's price. We are glad that we are able to offer it again at all, and at the same price as last year.

If you failed to try these last year, by all means try them this year, and if you already have them, we are sure that you will want more.

# MAX SCHLING SPECIALTIES

## SUPER FREESIAS Eastern Giant

This strain represents a quality of Freesia never offered before. It is a vigorous growing strain producing flowers that resemble miniature Lilies in size, with an exquisite Freesia fragrance all their own.

**PESTEX**  
A remarkable preparation that will positively repel all forms of moles, field mice and other rodents that are destructive to bulbs. **60c per lb.; 10 lbs., \$4.50, postpaid.** 1 lb. sufficient for treatment of 200 bulbs. Absolutely harmless to plant life.

## MAJESTIC SPLENDOR PANSY PLANTS

It is as important to set out Pansy seedlings in the fall as it is to plant Roses in the fall. Strong fall-planted seedlings provide splendid bloom in the spring.

## IRIS, Wedgewood

Grown outdoors for splendid cut flowers and mass effect.

## SANI SOIL

Without doubt one of the finest mulching and soil conditioning materials ever introduced. It does not hoard the water unto itself as Peat Moss does. It retains its body and characteristics for many seasons, providing a clean, insect- and disease-free protective mulch the year around. It binds light, coarse soils and lightens heavy, fine soils. **Price: 25-lb. bag, \$2.00; 1000-lb. lots, \$60.00, f.o.b. New York.**

## AMARYLLIS

Schling's famous Sequoia strain. A lasting bulbous plant that should be in every home as it is deserving of the greatest popularity.

# Spring Beauty - AN AFTERMATH

As this is written we are all filled with a great hope of an approach to Victory over the forces of evil.

Garden lovers the country over have co-operated in a magnificent fashion to produce the food which directly contributed to the sinews of our nation. To many this garden contribution was a thrilling enjoyment, one that will be followed for many years.

To others it was a job to be done at the sacrifice of accustomed beauty as represented in flowers of every description.

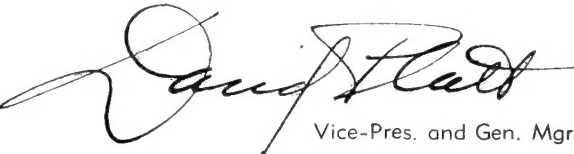

We know of nothing that could be more symbolic of complete victory than Spring Flowers. Flowers have always symbolized the victory of Nature; the victory of spring awakening after the cruel and harsh winter. When Tulips bloom again in Holland in a free atmosphere it will symbolize victory over the longest and harshest winter that country and the major part of Europe has ever known.

When we rejoice in our victory let the chaste beauty of Daffodils and the stately and colorful Tulips assist us in the greatest of all celebrations.

## The Gorgeous New Daffodil

Pictured on the  
FRONT COVER

In introducing the new Giant Trumpet Daffodil, BABYLON MAJESTIC, we feel that this event is the most outstanding since the introduction of the famous King Alfred. We make no attempt to state that BABYLON MAJESTIC will supplant King Alfred, for it blooms fully ten days later than King Alfred, and therein, we consider, lies the greatest advantage of this splendid new variety.

If planted in addition to King Alfred it will extend your enjoyment period of large golden yellow Trumpet Daffodils for at least ten days to two weeks. The size of the flower as pictured on our front cover is actual. What we cannot picture is the magnificent substance of the petals which is responsible for its long lasting qualities.

We fully expect that the demand for this variety will exceed our supply.

**PRICE** \$1.00 each; \$11.00 per doz.

## RARITY Collection of NARCISSUS and DAFFODILS

This outstandingly beautiful collection of Daffodils and Narcissus, illustrated on our second cover page, is worthy of consideration by all garden lovers. The connoisseur will delight in being able to purchase these selected and outstanding varieties at a nominal price, whereas the gardener who appreciates beauty for beauty's sake is enabled to obtain these "out of reach" varieties at practically the cost of ordinary varieties.

Two years ago the cost of the entire collection of three each would not have bought four bulbs of the variety Lord Wellington alone. Our supply of these varieties, while sufficiently ample, will definitely not last through the season. Place your order early to insure delivery.

3 each of above outstanding collection (15 bulbs in all) \$3.85  
6 each of above outstanding collection (30 bulbs in all) 6.50  
12 each of above outstanding collection (60 bulbs in all) 12.50

# American-Grown Darwin Tulips

The outstanding feature of American-grown Tulips is that they are earlier flowering than the Dutch or English. Because of this early flowering, the blooms last considerably longer in the garden as they bloom before the late hot May sun appears. It is our truthful opinion that both the American and English Tulips "beat the Dutch." Due to the prevailing unsettled conditions all Tulips are subject to prior sale. All prices are subject to change. (f) denotes best varieties for forcing.

# Hardy Perennials to Plant with Tulips and Daffodils

Phlox Divaricata

Polemonium, Blue Pearl

Dicentra Eximia

**Note:** The following listing of plants consists of extra early blooming perennials that lend charm to all bulb plantings. Bulb beds may be bordered with Polemonium Blue Pearl, Mertensia Virginica, Phlox Divaricata Laphami and Myosotis Palustris Semperflorens. When bulbs are planted irregularly or informally, the groups may be broken up with plantings of Doronicum, the Dwarf Bleeding Heart, and Mertensia.

All of these plants are April- and May-flowering. They are as much a part of the spring garden as are the bulbs.

## Doronicum

Lovely, erect, rich yellow daisies; the flowers resembling hothouse Gerbera.

**Caucasicum.** Deep golden yellow. 3 for \$1.75; \$5.00 per doz.

**Clusi.** Light yellow. 3 for \$1.75; \$5.00 per doz.

## Dicentra - Bleeding Heart

**Eximia.** Dwarf everblooming Bleeding Heart. 3 for \$1.75; \$5.00 per doz.

**Spectabilis.** The old-fashioned Bleeding Heart. Strong, 3-year-old roots, 75c each; \$7.50 per doz.

## Lily-of-the-Valley Clumps

Extra heavy clumps of this satisfactory old favorite, each clump consisting of from 10 to 12 flowering pips. 3 for \$2.00; \$6.00 per doz.

## Mertensia Virginica

The lovely Virginian Cowslip or Bluebell that can be used as an edging for Tulip bulbs or for planting between Tulips. They are exquisite planted by themselves in a shaded location although they thrive equally as well in full sun. Dormant roots, \$3.75 per doz.; \$27.50 per 100.

## Myosotis Palustris

**Semperflorens.** Hardy Forget-me-not. A true, hardy, blue Forget-me-not. Strong plants, \$5.00 per doz.; \$32.50 per 100.

## Phlox Divaricata

**Laphami.** A beautiful low growing early May-flowering perennial. True clear blue. Used for the same purpose as Mertensia Virginica. \$5.00 per doz.; \$32.50 per 100.

## Polemonium, Blue Pearl

Lovely clear sky-blue flowers blooming in April and May. They thrive equally well in sun or shade. An outstanding feature of this lovely plant is the ornamental value of its foliage throughout the entire summer. 3 for \$1.75; \$5.00 per doz.

# Hardy American Grown ENGLISH IRIS

A graceful and substantial type of Iris that is rapidly gaining popularity. Their blooming period supplements that of the Bearded Iris and the flowers are as useful for cutting as for garden display.

**Bleu Celeste.** Light sky-blue.

**King of the Blues.** Deep blue.

**Mont Blanc.** White.

**Othello.** Rich wine-red.

**Sunset.** Yellow.

**Mixed.**

Price on Above Varieties:  
\$1.50 per doz.; \$11.00 per 100.

## Iris, Wedgewood

A magnificent early flowering Iris. The finest of its kind. Excellent for outdoor planting as it is perfectly hardy. **The best Iris for greenhouse forcing.** No garden should be without a planting of these exquisite Iris. Strong, jumbo bulbs, \$1.50 per doz.; \$11.00 per 100.

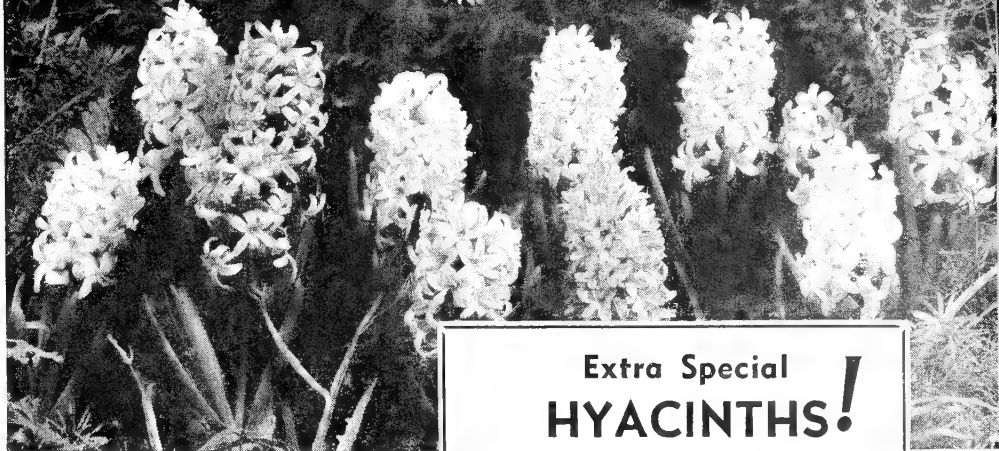

## Iris, Golden Wonder (Golden Lion)

A May-flowering, pure golden yellow Spanish Iris. Distinctly a novelty of the highest order. \$1.50 per doz.; \$11.00 per 100.

## Iris Reticulata

These bulbs, if planted in the home in an ordinary flower pot early in the fall, will bloom for Christmas. This is a miniature form of Dutch Iris that is also invaluable for outdoor planting, particularly in the rock garden. The flowers are delightfully fragrant. \$2.50 per doz.; \$17.50 per 100.

English Iris

## Dutch Iris

An outstanding garden subject that has been neglected mainly because their all-around satisfaction has been little known. For garden effects they may be planted in clumps of six or more bulbs and for cut flowers, planting in rows 5 to 6 inches apart gives splendid results. They are unsurpassed for greenhouse forcing and in the home in sunny windows. Early flowers can be procured by planting in cold frames. Regular outdoor blooming period June 1st to 15th.

**A. Bloemaard.** Fine early flowering dark blue.

**Blue Horizon.** Violet and sky-blue combination.

**Golden Queen.** A new gorgeous shade in Dutch Iris. Large flowers. A real show variety. \$1.50 per doz.; \$11.00 per 100.

**\*Imperator.** Brilliant lovely blue. Orange lip. Extra jumbo size bulbs, \$1.50 per doz.; \$11.00 per 100

Regular size bulbs, \$1.00 per doz.; \$7.75 per 100.

**\*White Excelsior.** Pure, glistening white; yellow lip.

**\*Yellow Queen.** Rich golden yellow throughout.

**Mixed.**

\* denotes varieties most preferred for forcing.

Price on Above Varieties—Except as Noted:

\$1.00 per doz.; \$7.75 per 100.

## Extra Special HYACINTHS! In the Finest Varieties

We are again able to offer limited quantities of the finest American and English grown Hyacinths. These bulbs in our trials proved to be as fine as the Dutch bulbs for all purposes—growing in glasses, forcing in pots or planting outdoors. We offer these in the following colors: light blue, dark blue, white, light pink, dark pink, red, yellow and mixed.

## Large Trumpet Varieties

Large or small plantings of these most satisfactory flowers provide "crowds of pretty Daffodils." A great many of the trumpet varieties are most suitable for greenhouse forcing and are especially marked. Every flower lover should try forcing a few pans of Daffodils for enjoyment during the winter.

**Beersheba.** Enormous and magnificent. Pure white throughout. \$2.50 each; \$27.50 per doz.

**Emperor.** An old favorite. For naturalized groups of pure yellow Daffodils, this variety is especially recommended.  
Mammoth bulbs .....\$1.65 per doz.; \$12.50 per 100  
Doublenose bulbs .....\$1.35 per doz.; \$10.50 per 100

**Empress.** Discontinued. Use Olympia or Spring Glory for bicolor.

**King Alfred.** Consistently year in and year out the most satisfactory deep golden yellow Daffodil. A "must" variety.  
Jumbo bulbs .....\$2.75 per doz.; \$20.00 per 100  
Mammoth bulbs .....\$2.10 per doz.; \$15.50 per 100  
Doublenose bulbs .....\$1.75 per doz.; \$13.00 per 100

**Lord Wellington.** Truly the largest and deepest yellow Daffodil in existence. Flowers are almost twice the size of King Alfred. See front cover for color illustration of actual size. \$4.00 per doz.; \$30.00 per 100.

**Lovenest.** A splendid collector's variety. Pure white perianth, trumpet turning to apricot-pink. Preferred by many to Mrs. R. O. Backhouse. \$2.50 per doz.; \$19.00 per 100.

**Mrs. E. H. Krelage.** No collection can be complete without this charming and chaste creamy white.  
Jumbo bulbs .....\$3.25 per doz.; \$24.00 per 100  
Mammoth bulbs .....\$2.65 per doz.; \$20.50 per 100

**Mrs. R. O. Backhouse.** A gorgeous Leedsii type listed in the trumpet section for it is really a fine white Daffodil with a pale rose-pink trumpet. A collector's favorite. \$2.00 each; \$22.00 per doz.

\* Denotes best varieties for forcing.

## American-Grown

**Olympia.** Light yellow perianth with golden yellow trumpet.  
Jumbo bulbs .....\$2.00 per doz.; \$15.00 per 100

**Spring Glory.** Most satisfactory standard bicolor. Perianth pure snow-white; trumpet deep golden yellow. Jumbo bulbs only. \$2.00 per doz.; \$15.00 per 100.

Any of the trumpet varieties listed above are splendid forcers.

## Incomparabilis Type

An excellent type for cutting. Large, airy flowers with long petals. The cup or crowns are one-third as long as the petals.

**Bernardino.** A beautiful and stately bicolor type. Pointed white petals with elongated cup of deep yellow finely frilled. \$1.50 per doz.; \$11.50 per 100.

**Croesus.** A compact flower of good substance. Broad creamy white perianth, beautiful frilled yellow cup. \$1.75 per doz.; \$12.50 per 100.

**Francisca Drake.** Outstanding collector's variety. Broad orange short trumpet surrounded by long white petals of unusual size. 35c each; \$3.75 per doz.

\***Helios.** Pure golden yellow all over. Cup slightly darker. Extra early. Very fine. \$2.00 per doz.; \$15.00 per 100.

**Lucinius.** Very fine pure yellow. Tall stems, large flowers. \$1.75 per doz.; \$13.00 per 100.

\***Sir Watkin.** Large flowers, sulphur perianth with orange semi-trumpet. Excellent for all purposes, including forcing. \$1.35 per doz.; \$10.50 per 100.

## Barri Type

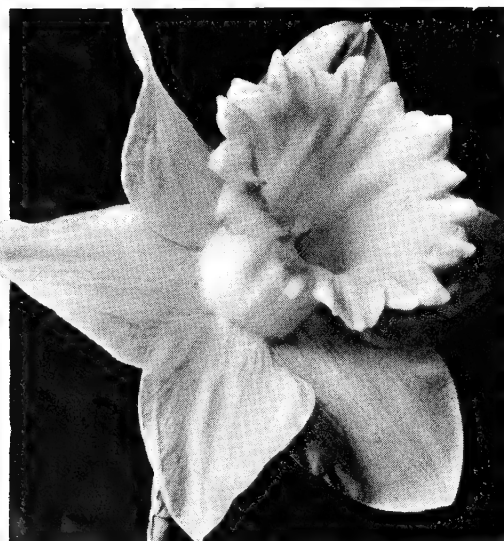

Splendid for cutting, naturalizing and rockeries. This class is noted for its splendidly formed flowers. The cups or crowns are less than one-third the length of the petals.

**Anna Croft.** A fine show type. Perianth light primrose, large trumpet, deep orange, finely crinkled and frilled. Tall and stately. \$1.75 per doz.; \$13.00 per 100.

**Bath's Flame.** An all-yellow beauty, the cup is deep gold edged with scarlet. \$1.35 per doz.; \$10.50 per 100.

**Diana Kasner.** Creamy yellow perianth. Cup same color. Deeply frilled and edged blood-red. \$1.50 per doz.; \$11.00 per 100.

\***Lady Diana Manners.** One of the most outstanding varieties of Daffodils. Fully illustrated on inside front cover in actual size. Special price, \$2.75 per doz.; \$21.00 per 100.

## Freeseias

**SCHLING'S NEW PATENTED VARIETIES**  
Plant September to November.

These new varieties represent a new race of Freeseias. The flowers are immense, twice the size of ordinary varieties; the colors are intense, they are strong, virile growers, and the flowers are borne on immense trusses. None of these improvements have minimized the fragrance of the old type. In fact, the delicate and delightful aroma seems to be enhanced in these new varieties.

**Maryon.** Beautiful mauve. U. S. Plant Patent No. 32.  
**Snowstorm.** Pure white. U. S. Plant Patent No. 487.  
**King of the Yellows.** U. S. Plant Patent No. 488.

# Schling's SUPERB HARDY LILIES

*Lilium Philippinense Formosanum*

*Lilium Regale*

*Lilium Candidum*

## ALL AMERICAN-GROWN

\* denotes choicest types for forcing.

All Lilies, with the exception of Madonna Lilies, are delivered in late October and early November. For those who are afraid that the ground may be frozen before this date, we recommend the following: Select the spot where the Lilies are to be planted; cover well with leaves, straw, salt hay, etc., to prevent the intrusion of frost. With this treatment it will be possible to plant Lily bulbs through November and December in the coldest climates.

## Madonna Lilies

(*Lilium Candidum*)

Plant September 1st to November 1st.

Realizing the importance of these beautiful chaste, white Lilies and the genuine affection with which they are regarded by all garden lovers, we have made every effort to produce clean, disease-free bulbs from American-grown sources. Our stock is perfectly hardy, being mountain grown and the results obtained from our bulbs for the past two years have been outstanding. Blooming period June.

## Fall Sown Lawns are Best

Fall sowing of grass seed insures an established lawn for next season. These are the lawns that usually remain green through the hot and dry summer due to the fact that their root system has had a chance to develop through the cool days of autumn and early spring.

### Schling's Maxima Grass Seed Mixtures

A grass seed mixture may be offered under any brand name. However, regardless of the name, the basis of all good grass seed mixtures must necessarily be the same. The important feature of a good mixture is that it contains heavy, plump seeds from selected grass stocks that have been grown for the distinct purpose of seed production. Careful blending plays its part in the compounding of a high class grass seed mixture. We have prided ourselves upon the super-quality of our grass seed mixtures which have established a reputation in the past 25 years.

**Schling's Maxima Special Lawn Mixture.** This mixture is especially designed for all ordinary lawn purposes. Weighing 32 pounds per bushel, its quality is sufficiently high to challenge the foremost brand mixtures offered by any seed house. Lb., 90c; 2 lbs., \$1.75; 5 lbs., \$4.00; 10 lbs., \$7.50; 25 lbs., \$18.00; 100 lbs., \$70.00.

**Schling's Maxima Shady Nook Mixture.** Years of successful usage have proved to us that our formula for this mixture is correct. This mixture will produce a rich, velvety greensward even in fairly dense shade. Lb., \$1.00; 2 lbs., \$1.90; 5 lbs., \$4.50; 10 lbs., \$8.50; 25 lbs., \$19.50; 100 lbs., \$80.00.

### Wild White Clover

A comparatively recent introduction of this strain of Clover. It is very vigorous and of a thick, dwarf growth. An important feature is its lack of flowers which is a great advantage in maintaining a green lawn. Wild White Clover is more vigorous than any weed, and because of its all around excellence we recommend its use in the finest lawns whereas in the past we have never recommended the use of ordinary Dutch White Clover except for specific purposes. 1 lb. is sufficient for 800 sq. ft. 1 lb., \$3.00; 5 lbs., \$14.00.

### Schling's Bulb Fiber

Especially prepared bulb fiber that has been improved by the addition of various essential minerals for the successful growing of bulbous flowers. This material enables one to plant bulbs in decorative bowls without drainage, thereby enhancing the beauty of the entire arrangement. It is treated to prevent stagnation and putrefaction and never gives off an offensive odor. Such bulbs as Amaryllis, Roman Hyacinths, Paper-White Narcissi, Freesias, Calla Lilies, in fact, all bulbs that can be grown in the home thrive exceedingly well in this preparation. 25c per quart; 75c for 4 quarts; \$1.35 per peck.

### Bulbs are Delivered Free in Second Postal Zone Only

All bulbs offered in this catalog, with the exception of fleshy rooted kinds such as Iris, Peonies, etc., are postpaid within the limits of the second postal zone of New York City only. When placing orders from outside this zone it will be wise to add a reasonable amount of postage in order to forestall minimum express charge of 35c. Any remittance in excess of postal charges will be promptly refunded.

## Schling's Famous PANSY PLANTS

We are offering again, for fall planting, our sensational Majestic Splendor strain in strong, well-developed plants. These plants, from seeds sown this summer, have been especially grown and hardened. They may be set out in beds this fall, and thus have the advantage of spring-planted Pansy plants in that they are well developed with a strong root system by next spring and receive no check from transplanting at the time that they are intended to bloom.

We are certain that the satisfaction derived from a trial planting of these splendid plants will convert all Pansy enthusiasts to fall planting of these cheerful garden requisites.

We recommend that in the region of New York and farther north, protection be given them by either hilling the soil up to within an inch of the top of the plant, or else providing a protective mulch, such as salt hay or leaves.

**Collection No. 1.** 25 plants each in the following colors: Deep golden yellow, pure white, solid blue, and wine shades.

**COLLECTION: 1 each of the 4 varieties, \$5.00.**

## A Valuable New Mulching Material

**SANI-SOIL.** This is the shredded bark of the fine Redwood Sequoia trees. Its insulating value is far greater than ground cork, thereby making it invaluable as a protective mulch over the winter as well as protecting the ground from summer heat. It keeps the soil clean and is definitely insect repellent. It prevents growth of weeds and can be used with good effect on all types of soil. It is ideal for protecting perennial beds, bulb beds, Pansy beds, etc. Price: 25-lb. bag, \$2.00; 4 bags, \$6.00, f. o. b. New York. **Descriptive circular on request.**

## Protective Mulch Materials

**SALT HAY.** Valuable as a protective mulch for bulb and perennial beds. Price per bale, \$5.50, f. o. b. New York.

**IMPORTED PEAT MOSS.** \$5.50 per bale, f. o. b. New York.

## PESTEX—The Mole Repellent

This great discovery has proven amazingly successful in repelling all destructive and bulb-loving rodents such as moles, field mice, squirrels, chipmunks, etc.

Dust your bulbs thoroughly before planting. One pound is sufficient to treat 100 tulip bulbs or more and leave enough over to mix in the soil in order to make your bulb beds absolutely "pest-proof." This product is non-poisonous and absolutely harmless to bulbs, roots and foliage.

Price: 60c per lb.; \$4.50 per 10 lbs., postpaid.

# Some Favorites for the Food Garden

We offer here a few important items for the food garden that we consider as best planted in the fall. Fall planting enables the plant stock to become established so that no time is lost in spring transplanting. In as-much as all of these items are very hardy, loss from winter killing is negligible, and should not be considered.

## Egyptian or Top Onion Sets (Hardy)

Egyptian Onion Sets are planted to produce very early Spring Onions and Scallions. These sets are perfectly hardy in practically every section, and can be planted throughout the entire fall. They remain in the ground with practically no protection, and produce tender and tasty green onions early in the spring. Price: 50c per quart, postpaid.

## BERRY PLANTS

All the finest varieties in the following:

### Raspberries:

Regular bearing varieties. \$5.00 per doz.; \$37.50 per 100.

Everbearing varieties. \$6.00 per doz.; \$46.00 per 100.

**Blackberries.** \$5.00 per doz.; \$37.50 per 100.

**Boysenberries.** \$6.00 per doz.; \$46.00 per 100.

**Currants.** Strong fruiting size. \$7.50 per doz.; \$58.00 per 100.

**Gooseberries.** Large fruiting size. \$1.50 each; \$14.00 per doz.

**Grape Vines.** All fine varieties, large fruiting size. \$1.25 each; \$13.50 per doz.

**Strawberries.** All fine varieties; strong pot-grown plants. 25 plants, \$4.00; \$12.00 per 100. No orders for less than 25 of a variety.

**Everbearing Strawberries: Mastodon and Gem.** 25 for \$5.00; \$16.00 per 100.

## Asparagus, Mary Washington

Rust-resistant. Ready for delivery late September. Gain a whole year on your Asparagus bed by planting this fall. **Complete cultural circular sent on request.** \$5.35 per 100, postpaid.

## TWO WONDERFUL NEW RHUBARB VARIETIES

**Chipman's Canada Red.** The newest and finest Rhubarb. Very sweet and tender; of the finest flavor with extra large stalks. Bright red all the way through, the red color extending even to the mid-rib of the leaf. This variety retains its beautiful color in cooking, and both sauce and pies are an appetizing cherry-red color. This variety definitely does not go to seed during the summer, and, therefore, can be used throughout the entire summer. **Supply very limited.** Price: \$1.50 each; 4 for \$7.00, postpaid.

**MacDonald.** Stalks are tender, of unsurpassed flavor, and of a bright crimson. When cooked, the color is a beautiful shade of pink. High yield, strong and robust. MacDonald can be used all summer. Strong roots, 90c each; \$10.00 per doz., postpaid.

In our opinion these two varieties of Rhubarb preclude the necessity of planting any of the older varieties. We are discontinuing the listing of all older varieties in favor of these two which we consider the greatest advance in this line. Rhubarb should be planted four feet apart, and the crowns set so that they are covered 2 inches below the surface.

# Schling's Selected Peonies

It is a known fact that the only time to plant Peonies for really good results the first year is in the autumn. It is advisable to cover the top eyes of these strong roots no more than two inches. Protection is rarely necessary, and, if used, should consist only of such covering as salt hay, leaves, or SANI-SOIL.

# AMERICAN GROWN BULBS

## For American Gardens

Since 1940 this has been our slogan, for when foreign sources of supply were cut off it was feared by many people that there would be no more Tulips for American gardens.

We undertook to dispel these fears almost immediately, for in the fall of 1940 we exerted every means at our disposal to acquaint the gardening public with the all-around excellence of American-grown Tulip bulbs. We did this without trepidation, for our experience prior to the war, with American-grown Tulips, had proven them in a great many respects superior to imported stock.

While it is true that our selection of varieties is limited, we have nevertheless provided thousands of these splendid bulbs for the past three seasons with remarkably good results so that last year we were prompted to adopt another slogan, "WITH APOLONGIES TO NONE."

Plantings of the last importations of Tulips are beginning to run out inasmuch as this will be their fifth year. Do not hesitate to place your order in full confidence that American-grown bulbs will give you greater satisfaction than any ever planted.

# BULBS FOR HOME GROWING

The advantages and beauty of bulbs grown in the home during the long winter season have but recently been recommended.

In the past many flower lovers were content to grow Paper-White Narcissi and an occasional pot of Lily-of-the-Valley, never daring to attempt some of the lesser known but more alluring bulbous plants.

We offer for your consideration a list of bulbs that can be planted with every assurance of complete success in the home.

## Amaryllis, Sequoia

### Hybrids

Calla Lilies, White

Calla Lilies, Yellow

Freesias For bright rooms and temperatures not over 60 degrees.

French White Roman

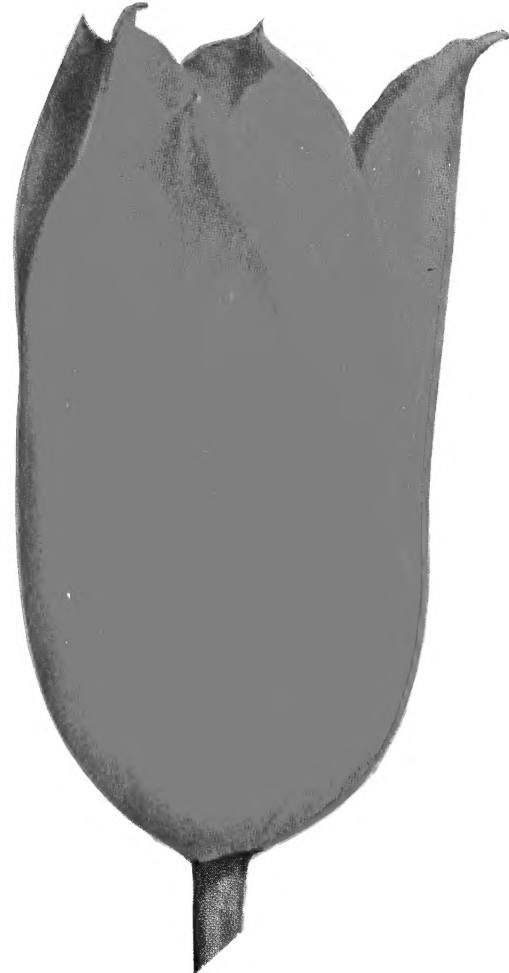

### Hyacinths

Lachenalia

Veltheimia

The above list can be regarded as almost fool proof, but we, of course, suggest that any of the other items appearing in our Indoor Bulb Section should be attempted, for with a modicum of care and understanding very satisfactory results can be obtained.

OUTSTANDING RED TULIP

*Red Rocket*

A brilliant May-flowering variety. See page 5 for full description and price.

## *Schling's Famous* OREGON TRAIL MIXTURE of Naturalized Narcissi Bordered With Grape Hyacinths

**"A Long Time Investment in Beauty"**

We consider our Oregon Trail Mixture of Daffodils and Narcissi for naturalizing as the most outstanding item that we have ever offered in the line of spring flowering bulbs.

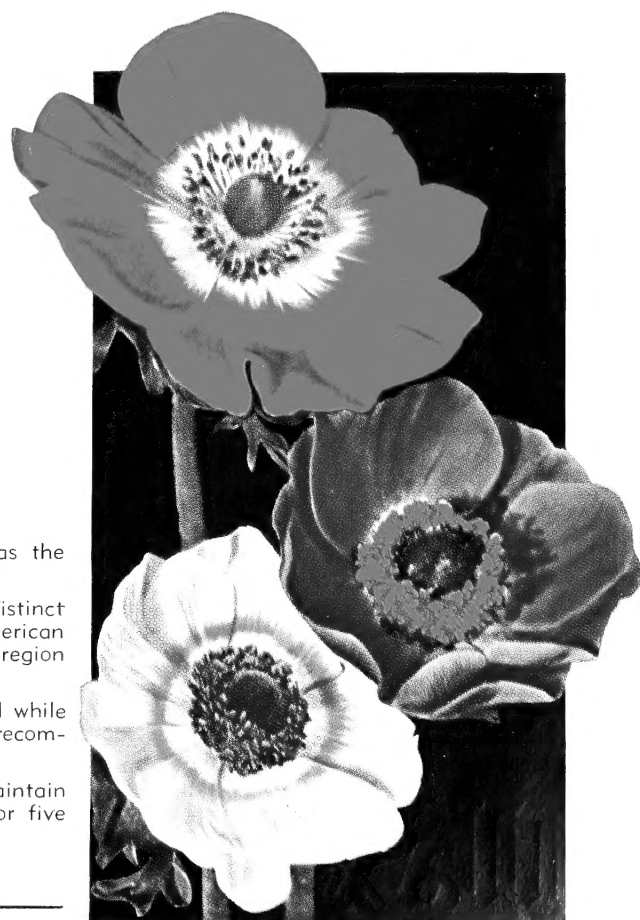

We instituted the sale of this mixture over 25 years ago, and each year represents a distinct improvement in the blending and quality of the bulbs. Today it consists of 100% American Grown bulbs from American Grown parent stock grown in the Pacific Northwest, which region is acknowledged as the best Daffodil growing region in the whole world.

Each variety found in this mixture is in itself a splendid addition to any garden, and while naturalizing these bulbs under trees and in meadows is ideal, we do not hesitate in recommending them for garden use.

An outstanding fact concerning this mixture is the fact that we have been able to maintain its quality and excellence at no appreciable advance in price over what it was sold for five years ago. We doubt whether this price will ever be lowered within the next decade.

PRICE: 50 for \$3.25; \$5.50 per 100; \$52.50 per 1000; \$100.00 per 2000.
